The Alzheimer’s Conference is FREE to the community and is made possible by Keiro in partnership with Alzheimer’s Los Angeles along with support from The Aratani Foundation, our community partners, sponsors, donors, and volunteers.
Founded in 1961, Keiro improves the quality of life for older adults and their caregivers in the Japanese American community of Los Angeles, Orange, and Ventura counties. Keiro provides culturally-sensitive programs and resources, in both English and Japanese, to meet the evolving needs of our aging community. In everything we do, we advance our mission through a person-centered, innovative, and collaborative approach.

KEIRO’S SERVICES AND PROGRAMS

Community Education and Events
Keiro partners with dozens of community centers, churches, temples, and groups serving Japanese American and Japanese older adults to provide comprehensive classes to meet the needs of their aging members. Currently, classes are conducted in virtual formats. Keiro hosts community events throughout the year to support older adults and caregivers such as conferences, festivals, and more.

Iyashi Care
Keiro and Providence have partnered since August 2017 to create the first culturally-sensitive palliative care program focusing on Japanese American and Japanese older adults living with advanced illnesses and/or debilitating symptoms. This innovative program work closely with the patient’s existing health care team to provide an extra layer of support as patients pursue the best possible quality of life.

Community Building and Partnerships
Keiro advances its mission in innovative ways through collaborations and partnerships with community organizations that share similar visions to serve older adults in Our Community. By working together, we strengthen existing programs, increase resources, and fill critical gaps in our community’s support network.

Nikkei Senior Network
As part of strengthening community networks, Keiro has hosted regular meetings through the Nikkei Senior Network since 2006 to gather community leaders and share ideas and projects with other community partners.

Grants Program
Launched in 2016, Keiro’s Grants Program provides support for local nonprofit, community-based organizations that serve Japanese American and Japanese older adults and their caregivers. Grantmaking allows Keiro to invest in new and ongoing programs that reduce social isolation. To date, Keiro has supported 71 local organizations through the Grants Program.

LTSC Partnership
Keiro and Little Tokyo Service Center (LTSC) have partnered since 2017 to expand and enhance support to older adults and their caregivers. The partnership focuses on mental health, caregiving, and low-income clients seeking emergency assistance.

Alzheimer’s Los Angeles is a local, community-based nonprofit health organization providing programs and services in Los Angeles County addressing the needs of people living with Alzheimer’s disease or another type of dementia and the needs of their family members.

Founded by concerned community members in 1980, Alzheimer’s LA was officially incorporated in February 1981. In 2021, we proudly marked our 40th anniversary of steadfast commitment to the aging community of greater Los Angeles, and we are grateful for the continued support and partnership of so many members of the community.

Our mission is to improve the lives of families affected by Alzheimer’s and other dementias by increasing awareness, delivering effective programs and services, providing compassionate support, and advocating for quality care and a cure.

Throughout our long history, we have not wavered from our mission to provide the critically needed education, support, and advocacy for which families facing Alzheimer’s have come to rely on us.

All our services are provided 100% free for families. We continue to provide virtual workshops and support as we have during the COVID-19 pandemic, and we are now offering some of our in-person services once again.

Today, we are leaders in innovative programming for people living with Alzheimer’s or other dementias. We have earned the trust of families and diverse communities and of the professionals who serve them.

With over 40 years of serving the community, Alzheimer’s LA is locally focused and nationally and internationally recognized for providing high-impact support, resources, and education to people and families facing the disease.

We are committed to building on our legacy to ensure that anyone in need of help receives it. We will work to educate the richly diverse region of greater Los Angeles about what dementia is and isn’t while fighting to eliminate the stigma that perpetuates misunderstanding and creates unnecessary barriers to accessing the support we’re here to provide.

Until there’s a cure, we’ll provide the care.

Dementia Friends
Presented by Kelly Takasu

Dementia Friends is a global social movement that is changing the way people think, act, and talk about dementia. Through this session, participants learn about dementia, what it is like to live with the disease, and some tips for communicating with people who have dementia. With greater awareness and understanding, Dementia Friends help build communities that are better equipped to support people living with dementia.

Kelly Takasu  
Public Policy Manager, Alzheimer’s Los Angeles

Kelly currently serves as the public policy manager at Alzheimer’s Los Angeles where she works to improve the lives of people living with Alzheimer’s through strategic initiatives, building relationships, and empowering grassroots advocacy. Prior to Alzheimer’s Los Angeles, Kelly coordinated and advanced the policy priorities of 35 national Asian American, Native Hawaiian, and Pacific Islander nonprofits as the public policy manager at the National Council of Asian Pacific Americans (NCAPA). She also served as the Japanese American Citizens League (JACL) Mike Masaoka fellow in the Washington, D.C. office of Congressman Mike Honda, where she handled health policy issues and served as the staff lead for two bipartisan congressional caucuses. Kelly is a graduate of the University of California San Diego.

Managing Behavioral Challenges in People with Dementia
Presented by Dr. Linda Ercoli

Caregivers of people with Alzheimer’s and other forms of dementia experience stress and burden related to their loved one’s behaviors, such as wandering, irritability, agitation, and aggression. Dr. Ercoli will talk about how caregivers can communicate effectively with their loved ones, and manage behavioral challenges.

Dr. Linda Ercoli  
Director of Geriatric Psychology-Neuropsychology, Interim Director of the UCLA Longevity Center, Semel Institute Health Sciences Clinical Professor in the Department of Psychiatry and Biobehavioral Sciences

Linda Ercoli is a Health Sciences Clinical Professor in the Department of Psychiatry and Biobehavioral Sciences at the Semel Institute. She is the Director of Geriatric Psychology-Neuropsychology and the Interim Director of the UCLA Longevity Center. She has specialties in aging, dementia, neuropsychology, caregiver stress, neuroimaging research and cognitive enhancement interventions.

Keiro’s Nikkei Senior Network (NSN) program brings together different community leaders who work with their older adult groups at various churches, temples, senior groups, and community centers across Los Angeles, Orange, and Ventura counties. NSN currently meets virtually on a regular basis to discuss a variety of topics such as:

- Technology
- Community meal programs
- COVID-19
- Returning to in-person activities
- Transportation
- And more!

Groups can share their upcoming events, outings, and opportunities for others community members to participate in. These meetings allow community leaders to collaborate with one another through shared experiences to strengthen individual programs.

If you are a community leader and are interested in participating in a future NSN meeting, please contact Lauren Yoshiyama at [programs@keiro.org](mailto:programs@keiro.org).
