

Succulent Pumpkin Supply List

- Natural moss from a craft store
- Adhesive spray
- Glue gun with glue sticks or Aleene's clear tacky glue
- Succulent cuttings 15-30 depending on your size of pumpkin
- Mini pumpkins work great. Larger pumpkins should be flatter than taller.
 - When choosing your pumpkin(s) examine them carefully. Do not choose any with bruises or gouges because they will not last as long.
- Optional: Any decorative ribbons, pinecones, small figures, etc. that you might want to add.
