

How To Create a Gift Bag Out of Unused Calendars (From the Teach Me Series Video)

These are the instructions for creating a gift bag that you can use to give someone something special such as dessert or favors for guests at a party.

Materials:

- Two pages from a calendar – select designs that go well together (Make sure to remove all staples from the calendar before, and cut the calendar to make it ready for use)
- Glue
- Ruler

How to create

Step 1. Fold both sides of the calendar page to the center hole on the page.

Step 2. Fold the bottom corners to the center, creating two small triangles that touch each other.

Step 3. Fold the two triangles up together, and create a strong crease.

Step 4. Open the folded paper out to create the base of the bag. This is one side of the bag.

Step 5. Repeat step 1-4 for the second calendar page, to have two half-bases ready.

Step 6. Glue the bottom bases first separately.

Step 7. Decide which design you want to be most visible. Glue the two pieces together. Use a ruler to push down, and make sure the tops and edges are even.

Step 8. Put the completed bag upside down and allow the glue to dry (a few hours).
