

## KEIRO FORUM ZOOM MEETING – FEBRUARY 10, 2022

### NEGATIVE VALENTINE’S DAY WATERCOLOR PAINTING

#### SUPPLY LIST:

Paint Brushes	Round brushes (large, medium and small), Flat brush (¾“ optional) or a Wash brush (optional).
Paint Trays	3 well paint tray and a larger mixing tray (can use plastic, paper, porcelain, but some watercolors can stain porcelain dishes) or a watercolor paint set.
Paints	Watercolor paints - red, blue and yellow. We will use a couple shades of red. If you don’t have different shades of red you can make a lighter shade by adding more water, an orange-red color by adding some yellow, and a darker red by adding a small amount of blue. We can mix these as we paint.
Water Cups (2)	One for washing brushes (dirty water) and one for mixing with paints (clean water).
Paper	Watercolor paper (140 lb) - half sheet. May want to have 2 half sheets if time permits.
Painting Board	Wood, plastic or composite, clip board, clean cutting board or cutting mat.
Masking Tape	Roll of masking tape, Blue painter’s tape, Frog tape, or Washi tape.
Towels	Paper towels or old cloth rags.
Pencil	HB leaded pencil, mechanical pencil or a #2 pencil.
Coloring Pen or Pencil	Coloring pens or pencils, felt tip marker or calligraphy pens for any lettering, these are optional and the lettering can be done after the session.
Hair Dryer or Fan	To dry the painting between washes.

#### PREPARATION PRIOR TO ZOOM MEETING:

1. We will be drawing different size hearts in pencil on the watercolor paper. Do not draw the hearts prior to the start of the class as we will add the hearts in different layers during the painting process.
2. Wet the paints.
3. Fill both water cups with water about ½ to ¾ full.
4. Tape watercolor paper to a Painting Board.
